

Asian Journal of
Materials Science

Asian Journal of Materials Science publishes reviews, full-length papers, and short Communications recording original research results on, or techniques for studying the relationship between structure, properties, and uses of materials.

Scope: Metals, ceramics, glasses, polymers, electrical materials, composite materials, fibers, nanostructured materials, nanocomposites, and biological and biomedical materials.

Submit your most significant and interesting research findings for publication in *Asian Journal of Materials Science* via online submission system at <http://scialert.com>.
